Paulson Training Programs – the global leader in training.

• 30 years
• 3,000+ companies
• 30,000+ trained
WHY InSite360

► 1. Ease of Use – all you will need is an Internet connection, user name and a password. No CD’s to keep track of, networking, installation or hassle with locally managed training systems. You can access InSite360 through any browser application, anywhere in the world.

► 2. Global Consistency – employees at facilities around the world can log into the same system and receive a 100% consistent message or set of training lessons.

► 3. Security & Stability – Internet delivered products are more secure and available 24/7.

► 4. Targeted Curriculum & Cost Effectiveness – pay for only the training you need for the employees that need it.

InSite360 delivers employees who are able to:
• Cross-train/operate more than one process
• Resolve complex issues
• Provide preventive maintenance/routine repairs
• Troubleshoot non-routine production issues

Training at every job level:
• Production/Processing/Manufacturing
• Administrative
• Technical
• Management
• Executive

Companies that fully train their workforce benefit from:
• Increased productivity
• Reduced employee turnover
• Increased efficiency resulting in financial gains
• Decreased need for supervision

Employees that are more fully trained:
• Are more satisfied with their jobs
• Are more motivated
• Have a lower turnover rate
• Are more innovative and efficient

According to the American Management Association, the cost to replace an employee who leaves is, conservatively, 30% of his annual salary. For those with skills in high demand, the cost can rise to as much as 1.5 times the annual salary.

A study of 540 U.S. companies concluded that those who invested more in training realized a 37% higher gross profit per employee.*

*ASTD, 1998

Sampling of Course Titles

| Basic Molding Machine Operations * |
| Basic Injection Molding with SkillBuilder** |
| Efficient Mold Setting |
| Injection Molding Machine Maintenance |
